RACE RIOT CAUSES THE DEATH OF FIVE

Reidsville, Ga., Is Scene of a
Bloody Tragedy.

WAS OUTCOME OF AN ASSAULT

Besides the Five Persons Killed, Six Others Were Wounded—Great Indignation Is Felt in the Neighborhood—Trouble Feared.

Reidsville, Ga., May 23.—Two negroes lynched and three other persons dead, and six others injured is the net result of a criminal assault made Tuesday night on Mrs. Laura Moore, widow, about 6 miles from here, by a negro.

From the best information it was learned that about 15 citizens surrounded the house of Sim Padgett, a negro whom they suspected of harboring another negro, Mack Strickland, who had assaulted a Mrs. Laura Moore, a respectable widow lady living in the neighborhood and demanded of Padgett's wife to search the house. Permission was given, but when the posse advanced to within 30 feet of the house, Padgett and the other negro men on the inside of the building opened fire on the posse, instantly killing John Hare and seriously wounding Bartow Preston, also shooting James Daniels' eye out and wounding him in the shoulder and arm. Dr. J. L. Kennedy, county commissioner, also received a wound.

The fire was returned by the members of the posse, killing Sim Padgett and one of his girls, about 10 years old, and wounding two other girls, about 6 and 13 years of age, also shooting one of Padgett's boys, aged 20, through the lungs, and one, aged 22, through the hip.

The news spread like wildfire, and by 10 o'clock there were 500 men on the scene with rifles, shotguns and pistols.

A searching party started in pursuit of the two negroes who escaped from the house after the shooting, and one of them was captured and taken before Mrs. Moore, but she failed to identify him as her assailant.

Padgett's wife and son, who were severely wounded, were taken to Reidsville jail. On the way the officers were overtaken by about 75 men, and the prisoners were demanded. There was no other alternative and the prisoners were taken by the mob. The woman was told to run and as she did so, was riddled by bullets. Her son was wounded so he could not run and was shot to pieces in the public road.

Start on Perilous Trip.

Copenhagen, May 23.—Two youthful explorers, Knud Rasmussen and his sister, the latter 20 years of age, have started on a perilous trip. The two are students of ethnography. They are going to Smith Sound to find an Eskimo tribe which is reputed to have never come in contact with civilization. Their only attendant is an Eskimo. They will travel in dog sleds and will depend for food upon shooting and trapping. They have to reach the Canadian mainland some time in 1908.

Will Expend Millions.

Madrid, May 23.—The naval estimates issued Monday provide for the expenditure in 1907 of \$10,000,000, and in succeeding years of \$13,000,000. The Ferrol dock yard will be equipped with accommodations for the largest warships. The Cadiz docks will have similar equipments. Three battleships of 15,000 tons each are among the predicted vessels.

Royalty Arrives at Rome.

Rome, May 23.—Queen Alexandra and Princess Victoria arrived here Wednesday from Naples, where they landed from the British royal yacht, Victoria and Albert. They are going from Rome to Paris and London, owing to the illness of the prince who is reported as suffering from anæmia, and wished to consult a noted physician.

EX-RECTOR IN LAW'S TOILS.

Alleged To Have Carried on Some Very Shady Proceedings.

Richmond, Va., May 23.—John Thompson, Hargrave, former Methodist preacher and Episcopal clergyman, was arrested Tuesday at his home at Cedar Lodge, Oliver Station, Hanover county, on the charge of "devising schemes to defraud by use of the mails."

The letter directly responsible was mailed at Doswell and was addressed to the Tennessee-Kentucky Distillery company, at Clarksville, Tenn. The method of procedure adopted by the minister in this and other cases was to secure the name of the firm he had selected as the object of his scheme, order whatever he wished, prefix the "Rev." to his signature, explain that he was an Episcopal clergyman, receive the goods and in upwards of a hundred cases, refuse to respond to a request for a remittance. In this way he has amassed a considerable fortune, which is now placed in the name of his daughter, Elizabeth.

Hargrave is said to be a little more than 60 years of age, has been twice married, and is the father of fourteen children. He first married a daughter of the celebrated New York judge and jurist, W. J. Droeve, of Monticello. After her death, he married a woman in New York city, from whom he was afterwards separated, and who is said to be now seeking a divorce. Hargrave was born in the state of New York, was educated in this country and abroad, graduating in the late seventies as a minister of the Methodist church. He soon tired of his connection with his church, and in 1881 changed his faith and entered upon the duties of an Episcopal rector in Woodbury, Conn., from which city he removed to New Haven, Pa.

He was at one time editor of a paper at Kingston, N. Y. It was while rector of the church at Woodbury that the man started the evil practices which have proven to be his undoing.

Within the last six months Hargrave, according to information in the hands of the authorities, has swindled one hundred business houses out of upwards of \$100,000.

New River Company Formed.

Macon, Ga., May 23.—At a meeting of business men in the offices of the Macon Chamber of Commerce on Tuesday morning, the Macon and Brunswick Navigation company was formally organized and arrangements were made for the construction of two river steamers to be used in the traffic between Macon and Brunswick. Their carrying capacity will be 130 tons each and bids for their construction will be asked at once. They will be built in Macon. President Emmett Small, of the Macon Chamber of Commerce, was made president of the new company.

Wreck Victims Are Improving.

Macon, Ga., May 23.—Six of the victims of the Hillsboro wreck on the Central railway Tuesday morning who were brought to the city hospital here, are improving rapidly, and will be able to leave the institution within a short time. Five white persons and one negro were brought here. None of them are seriously injured, and their stay will be short. The greater number will be able to return to their homes within the present week.

Druggists Meet in Savannah.

Savannah, Ga., May 23.—The thirty-second annual session of the Georgia Pharmaceutical association was called to order by President W. B. Freeman, of Atlanta, Monday morning at the De Soto hotel. Mayor Tiedman welcomed the druggists on behalf of the city, while the welcome on behalf of the Savannah druggists was extended by Robert M. Hitch.

They Struck for Their Beer.

Paterson, N. J., May 23.—Because they were denied the privilege of bringing beer into the shops during working hours and also because the company refused their demand that an unpopular foreman be removed, 250 men employed in the blacksmith shop of the Rogers locomotive works here walked out Tuesday.

FUSIONIST CONTEST TO OUST DEMOCRATS

Louisville City and County Officials Must Go.

COURT OF APPEALS' DECISION

Fusionists Win Victory and Democratic Office Holders in the Kentucky Metropolis Will Have to Give Up Their Jobs.

Louisville, May 23.—The Courier-Journal says that the court of appeals has voted, 4 to 2, to reverse the decision of Judges Kirby and Miller, of the Jefferson circuit court in the contest of the fusionists to oust the democratic officeholders of Louisville and Jefferson county, who were declared elected in the fall of 1905.

The court was expected to hand down the decision Wednesday, and it will have the effect of turning out all city and county officials.

The democratic officials have thirty judicial days in which to enter a motion for a rehearing.

When the mandate of the court is sent to Louisville, it is likely that considerable confusion will follow in determining just who is to succeed to the offices made vacant by the decision. It is understood that the friends of former Mayor Grainger, who was succeeded by Mayor Barth are having the law looked up under the impression that the right of succession is his. It is said that the contention of the democrats is that the law says that a mayor is elected for a term of four years, or until his successor is elected and qualified. If the court of appeals holds that there was no election, Mr. Grainger's successor was not elected.

Under this contention it is held by some of the democrats that Mr. Grainger shall tack his seat until the federal election.

The fusionists on the other hand, maintain the governor under the law with a right to appoint a mayor because, while Mr. Barth was elected and did qualify such election is null and void, and Mr. Grainger's successor having been elected, although illegally, and having qualified, although without authority, Mr. Grainger's term has expired, both by lapse of tenure and also because of the qualification of his successor.

Kansas City, Mo., May 23.—Chas. H. Treat, treasurer of the United States, was the guest of honor of the Missouri Bankers' association, which met here Wednesday in annual session. Young, Philadelphia, director of the Wharton School of Finance and Commerce; former representative John M. Allen, of Tupelo, Miss.; and Oscar Wells, of Ft. Worth, Tex.

Baughan, Atlanta; grand scribe, J. L. Tyson, Savannah; grand treasurer, A. L. Kontz, Atlanta; grand junior warden, Wm. McCormick, Fitzgerald; grand representative to the sovereign grand lodge, J. L. Bass, Rome.

SIX KILLED; SEVEN INJURED.

Loaded Freight Cars Run Into Miners' Train.

Dayton, Tenn., May 23.—While returning to their homes in Dayton from the mines of the Dayton Coal and Iron company, six white miners met death Tuesday afternoon, and several others were injured.

About two hundred men were in coke cars on the short line of the company. Two heavily loaded freight cars that a yardman had been switching by pinching with a heavy bar, got beyond his control, and plunged down a 35-foot grade into the rear end of the train carrying the miners.

The train was running rapidly. Miners in the rear coke cars saw the runaway cars coming, and endeavored to signal the engineer, but he did not understand whether he was wanted to stop or go ahead. At last, noticing the frantic signs of the men behind him, he came to a stop just as the heavy car struck his train.

The miners who were killed were John Teels, Daly Green, James Towery, Elijah Huff, Tom Jarmon, Bert Best.

Seven others were injured, one of whom, Tom Nelson, will die.

Reasons for the Wintery Weather.

New York, May 23.—Captain T. J. Tumsdane, of the Anchor liner Astoria, from Glasgow, has found a reason for the cold weather. He says the gulf stream, which ordinarily has a range between 46 and 55 degrees north latitude, is away to the north, and he found in the Atlantic a high barometer, with a southerly wind, which is very unusual. "I won't say that the gulf stream is out of its margin," said the captain, but it is to the northward of its normal course." This accounts for our wintry weather in Scotland, where we have been having some snow every other day. We don't have the seasons we used to have."

Long Walking Tour.

St. Louis, May 23.—William A. Smith and Richard A. Beale, who have accomplished several difficult feats of pedestrianism, have started to walk from St. Louis to the Jamestown exposition, where they expect to arrive Aug. 19. The distance is about 2,680 miles. The walk is in the nature of a tour. The route extends along the route of the Iron Mountain road through Arkansas to the Mississippi river, which will be crossed. The southern route will then be taken to Birmingham, Ala. The other principal points will be Atlanta, Ga., and the capitals of the two Carolinas to Jamestown.

Terrific Dynamite Explosion.

Asheville, N. C., May 23.—Word has reached here of a terrible dynamite explosion which occurred near Canton, N. C., in which five men—three white and two negroes, were seriously injured. One will die but the others are expected to recover. The accident occurred at Hunt's camp on the new railroad now being constructed from Canton to Sunburst. Dr. Stringfield and Dr. J. F. Abel have left Canton to attend the injured men.

The mine, which has been hermetically sealed for six months, is now open.

FIENDISH WORK OF TRAIN WRECK

Ingenious Contrivance
Train From Trestle.

WRECK ON SOUTHERN PA

Late Train, Traveling at Rapid
Is Thrown from Trestle by W
ers—One Person Killed and a
Number Injured.

Los Angeles, Calif., May 23.—Train No. 20, one of the Southern Pacific coast line trains, was wrecked at West Glendale, 10 miles from here Wednesday morning.

The wreck was the deliberate work of train wreckers. One man killed and twenty-two injured, probably fatally. In accomplishing the wreck of the train, which the Coast Line Limited, a delinquent had been exercising.

At a point on a trestle over Arroyo Seco, the fishplates and bolts of two connecting rails of southbound track had been removed and in the apertures, strands of wire were fastened at the end of rail. From the appearance of track after the wreck it was evident that some person had hid a hillside close to the trestle, pulled the wire as the train approached, and spread the rail toward edge of the trestle.

The train, three hours late, traveling at a rate of between 30 and 40 miles an hour.

The engine wheels were flung from the rails, and the engine to the ties, traveling nearly 100 feet before it was brought to a stand. The tender, the diner, two Pullman buffet, mail and baggage, ploughed over the edge of the trestle, falling a distance of 16 feet. The buffet car, the express car, and one of the Pullmans, was turned completely over and the others landed on their sides. The car were crushed and splintered.

The man killed was T. J. Mahon, of Santa Barbara, a member of the Electrical Workers' union. He is believed to have been stealthily riding on the baggage car, and his companion Frank Naylor, a year-old boy from Santa Barbara who was fatally injured.

Several of the injured sustained internal injuries, and many sustained fracture and broken limbs.

FATALITIES MAY RESULT.

Fifty Persons Were Injured in Wreck at Coney Island.

New York, May 23.—Of the persons injured in the traction car wreck up near Coney Island Tuesday night, three are possibly fatally hurt. They are Harry Doone, D. W. McFarland and Frank Putrieno.

The accident occurred at 10 o'clock Tuesday night. An "L" train, bound for New York, struck a trolley forcing it against a steel post which trolleys are suspended. The post cut through the car in two places. The passengers were overwhelmed in the wreckage and the men who were called, had to axes in cutting away the shattered woodwork to release the injured. A flagman is blamed for the collision, both motormen claiming that he signalled to them the right of way.

Several months ago an accident of a similar nature happened at same crossing.

Whitcaps Used Lash.

Tohmasville, Ga., May 23.—R. M. Miam, a white farmer who resides near Moultrie, Ga., came to Tohmasville late Tuesday night to have cal physicians dress wounds, he claims, given him by a band of white cappers. He tells a harrowing story of being given 100 lashes by ten men in the woods near his home. He alleges that two men, one claiming to be a deputy sheriff, came to his house and told him he was under arrest, and carried him to the jail. When he asked why they were punishing him they replied: "Because you won't work."

SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Seal skin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. The House was called to order by the speaker, a quorum present.

Mr. Avant of Columbia called up Senate bill No. 14, by Mr. Trammell—Requesting express companies to transmit packages not exceeding five pounds in weight and \$50 in value, for not more than 25 cents. Amendment by Mr. McCutcheon, permitting refunding of overcharges on demand as bar to prosecution for unintentional error, lost. The bill then went to third reading.

Mr. Watson of Dade called up Senate bill No. 186, by Mr. Hudson, providing for the creation of Palm Beach county, which was indefinitely postponed, 29 to 20.

House adjourned.

FOR FORGERY AND PERJURY.

President Hegeman of Metropolitan Life is indicted.

New York, May 23.—The special grand jury, which has concerned itself with the conduct of the insurance business in New York county, has concluded the investigation of the Metropolitan Life Insurance company and has returned ten indictments against the company's president, Jno. E. Hegeman. Seven of the indictments charge forgery in the third degree, while the other three charge perjury. All are based on what have come to be known as "year end transactions." These consisted of certain changes in the company's books effected just prior to the submission of the annual report to the state insurance department, which it is alleged were designed to place the company in a more favorable light than the facts warranted.

In its investigation of the Metropolitan, the grand jury went into the insurance company's dealings with the Mercantile Trust company, the Central Trust company and Brown Bros. and the transfers of loan by the insurance people to Vermilya & Co. Out of these transactions grew the seven indictments for forgery in which it is alleged the Metropolitan altered its books to cover up certain loans which it had made. The perjury charges were founded upon statements made to the insurance department concerning loans by the company, which statements, it is charged, were false.

WORK OF MISCREANTS.

Many Frisco Trolley Lines Put Out of Commission.

San Francisco, May 23.—All of the United Railway company's trolley lines on the north side were put out of commission Tuesday night by miscreants who managed by means of a wire or chain to connect a high power transmission wire with the trolley wire on Church street between Fifth and Sixteenth streets. The instant effect of diverting the 13,200 volts of electrical current to the trolley wire was a frightful explosion in the Turk and Fillmore sub-station.

The switchboard, which is connected with all of the trolley lines operated by the company north of Market street, burned out and the attending electrical display struck consternation and fear to the hearts of hundreds of people in the neighborhood. It is remarkable that the trouble was not attended by loss of life. It will take some time to get the wires in working order.

NOON IN GAINESVILLE.

What is Going on in Town When the Clock Strikes 12.

Noon, the dinner hour, the hour of comfort, of pleasure and relaxation—the one hour in the twenty-four which comes to men and women of every station with greater similarity than the hour of any other function in life.

Promptly as the clock strikes 12 in Gainesville the shadows on anxious faces turn to lines of good will, and if villanous hot bread, pies, spices and other indigestibles were excluded there would be no such words as dyspepsia or indigestion in the dictionary.

But the contrary is true, and medical science has to step in and aid the man or woman who has been too busy to pay proper attention to health.

The greatest step forward in medical discovery is Mi-o-na, which cures all stomach and digestive troubles.

In hundreds of the best homes in Gainesville and adjoining towns the handy little tablets, so pleasant to take, yet effective, have given quick and lasting relief in indigestion and that disagreeable full feeling after eating.

Mi-o-na acts very gently. Much of its wonderful power over indigestion comes from its uniform but sustaining action. The required stimulating and strengthening is given to the important organs of digestion without producing the slightest weakness or reaction.

A 50-cent box lasts for a couple of weeks and will ward off a dozen attacks of indigestion. J. W. McCollum gives a guarantee, absolute and unqualified, with every box of Mi-o-na to refund the money if it does not give satisfaction.

Thus she is well qualified to guide sick women back to health. Her advice is free and always helpful.

illness of their son, Charles.

The young man is in the navy, on the
brigade, and is expected soon to be
home for his vacation. His many
friends hope for him a speedy recovery.

On Thursday the closing exercises
of the high school took place. It was
the grades in charge of Miss Emily

with the entertainment. The teachers
serve much credit for the manner in
which they trained the children.

ciated, also that of Ray Witherspoon.

There were many attractive fea-
tures on the program, one of the
most being a recitation by Miss Annie
Hodges. Mrs. Sapp also recited
beautifully. The ladies in charge of
the entertainment were Mrs. W. N.
Sailing, Mrs. C. LeCount, Mrs. Ellis,
Marie Mann, Mrs. P. P. Wood,
Maggie Swan.

The many friends of W. E. Dow in
High Springs are delighted to know
of his improvement.

SHORT TALKS BY L. T. COOPER.

SPRING AILMENTS.

A man and a house need the same
thing in spring—a good cleaning out.

A certain amount of
impurities have
gathered in both
during the winter.

I am no authority
for house clean-
ing. So far as the
man is concerned

Cooper's New
Discovery taken
for two weeks will
bring the desired
result. It will
positively do
these three things

—clean out the
stomach and bow-
els, tone up the system generally, and
bring back the snap to body and mind

that now seem dull and worn out.
Try it and see if you won't be as
pleased as Mr. Hull, whose letter I
quote below:

"I suffered a general breaking down
of the system. Had no appetite, poor
digestion and was constipated. I lost
ambition and took no interest in any-
thing. Nothing I could do seemed to
give me relief until upon a friend's ad-
vice I began to use Cooper's New Dis-
covery. It helped me from the start.
Now I am able to do as much work as
the next one and I enjoy it. I have a
hearty appetite and am stronger and
better every way. Your New Discov-
ery medicine is certainly the best tonic
and system builder I have ever
known." A. W. Hull, 142 Porter St.,
Detroit, Mich.

These are the famous medicines
with which Mr. Cooper recently cre-
ated such a stir in Chicago. His
demonstrations there attracted wide
attention. We are agents.

THE NEWS FROM ARCHER.

Fireman Moody Jumped from His
Engine and Was Hurt—Other Notes.

Archer, May 23.—Miss Elsie Smith
and her aunt, Mrs. Tonalson of India-
napolis, Ind., who has been spending
the winter here with the Smiths, left
for home yesterday. Miss Elsie will
accompany her as far as St. Augustine.
Mrs. Tonalson will stop on her way
home at Atlanta, to make a short
visit to her niece, Mrs. Winecoff.

Dr. Scott of Steubenville, Ohio, is
visiting his cousin, Mrs. C. D. Wood.

W. L. Belcher has been appointed
agent at this point for both railroads,
to succeed W. T. Gill. Mr. Belcher
and family are keeping house near
the depot.

Mr. Morris of Gainesville has taken
charge of the White House, Mr. Van
Allen having taken charge of The
Oak Hotel in Gainesville. Mr. Morris
expects to keep up the reputation
made by Mr. and Mrs. Van Allen
while they had the house in charge.

Mr. Sanders, roadmaster for the S.
A. L. Railroad, has a new motor car
for use on the division.

Dr. DePass has purchased a new
Cadillac auto and makes good time
visiting patients—makes the trip to
Dutton and return in two hours. He
has dispensed with his chauffeur, and
is running the machine himself with
success.

Chas. Moody, fireman on the "Early
Bird" passenger train, was painfully
injured yesterday morning coming up.
Something on the track attracted his
attention and fearing the engine was
in danger of leaving the track, he
jumped off, dislocating his hip and
injuring himself otherwise. Dr. DePass
fixed him up and sent him to his
home at Cedar Key.

MICANOPY NOTES.

Micanopy, May 23.—J. N. Craig will
leave today for Tarpon Springs, where
he has accepted a position in the rail-
road office. Mr. Craig is a very good
business man, well thought of. He
has been here about twelve years.
We regret very much to see him go.
Robert Prince of Orange Lake will fill
the office here. Mr. Prince comes well
recommended.

J. G. Peace died on May 20th at
High Point, N. C., and will be buried
here by the side of his wife, who
has been dead several years. Miss
Maggie Peace of Ocala, Howard
Peace of White Springs and Mrs. Hil-
burn of Bartow, came in to be at
the burial of their father. It seems
that the death was very sudden.

R. D. Ford is treating his house
to a coat of paint.

We regret to learn that Dr. Z. M.
Pace's family will leave for Lakeland
Saturday with their uncle and aunt's
family, Mr and Mrs. Kells.

for several days, but is improving.

Mrs. W. W. Geiger of Geiger spent

HELD FOR ALLEGED SHORTAGE

Former Teller of Bank of Ridgeway,
S. C., Is Jailed.

Columbia, S. C., May 23.—Mr.
W. Herbert Ruff, Jr., former teller
of the Bank of Ridgeway, was arrest-
ed in his room at the Columbia inn
here by a local detective.

May 1, 1906, young Ruff resigned
his position in the Bank of Ridgeway,
of which his father, W. H. Ruff, Sr.,
was president, and left for parts un-
known. Subsequent to his departure
it was discovered that his accounts
were short to the extent of from \$20,-
000 to \$25,000. It was stated at the
time that his father would make good
the larger portion of the defalcation
and the directors of the bank the re-
mainder.

The young man had been engaged
in the brokerage business outside of
his regular position in the bank, and
it was stated that his losses had arisen
in bucket shop transactions. The
incident was a surprise to every one,
as the father of the young man, as
well as himself, were held in the
highest regard by all who knew them.

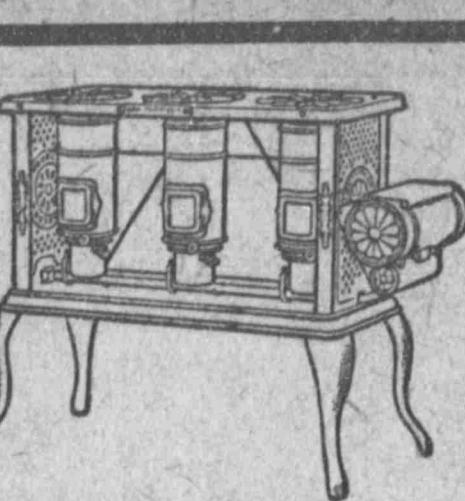

After some months young Ruff was
seen in Columbia and at other places
in the state, but as it was under-
stood that his alleged defalcation had
been made good, there was no at-
tempt to prosecute him. However,
one man who claims he lost money
by the alleged defalcation had the
warrant for Ruff's arrest sworn out,
and while the latter was in his room
at the inn it was served on him. He
was taken to the police station, where
he was locked up for the night.

DETECTIVE WORK.

Just as an intelligent detective sets
himself to discover the identity of the
perpetrator of a crime that seems mys-
terious, so the medical man goes to
work to discover the origin of the
troubles of his patients. He knows
that in most cases some of the
organs of the body are not performing
their functions properly, and knowing
that in a large percentage of cases
the action of the bowels is at fault,
he early inquires whether his patient
is constipated. If so, the physician
knows that if a cure is to be effected,
the constipation must be not only re-
lieved, but permanently remedied and
that in order to accomplish this cer-
tain muscles must be given new
strength and elasticity. For this pur-
pose successful medical men pin their
faith to a preparation of ½ oz. Fluid
Extract of Senna, ½ oz. Rochelle
Salts, 1 oz. Aro-Sagrada, 30 grains
Bicarbonate of Soda, ½ oz. water
and 1½ ozs. Glycerine. Of this
the patient is given a teaspoonful
at bedtime and before each meal,
the treatment being continued until there
is free movement of the bowels. This
simple preparation can be put up by
any good druggist.

THE DAILY SUN,
GAINESVILLE, FLA.

THE UNIVERSITY CITY.

After a long journey covering a comparatively short distance, after all the bumps and thumps and jars and crashes, a delightful surprise awaits the traveler whose destination is Gainesville. Frankly one is not in a very good humor at the treatment accorded by the railroads. If one should form ideas as to what kind of place he is going to, and base his opinion on the service vouchsafed by the A. C. L. or the Seaboard, he would naturally expect to alight in some back-woods town where the people know naught of the joys of modern travel. And here is where the surprise comes in. Gainesville is entitled to the distinction of being one of the most progressive and enterprising cities in the state. While old in years it is young in appearance and has all the vigor and optimism of youth. Truly Gainesville is one city of which every Floridian can well afford to be proud. To describe the city in detail would take much space. Suffice it to say that its broad streets and avenues, shaded by magnificent rows of moss-covered oaks, its miles of cement sidewalks, its complete sewer system now being installed and its paving and other improvements now under way, at once mark it as truly progressive. There are dozens of splendid residences all showing signs of care and attention, there is the fine high school building whose principal is that noted educator, Prof. Tom T. McBeath; then there is the University group, soon to be made more imposing by the erection of a magnificent main building, and last but not least, a court house of pleasing design, located, not on a back alley, but in the center of a public square where there is ample opportunity for the handiwork of the florist. In its court house and grounds with the Kirby Smith Confederate monument and other shafts, Gainesville has a piece of public property of which it may well be proud.

Gainesville's best asset is the progressive spirit of its business and professional men. The spirit is evident everywhere and has been given expression to time and again by the election of Hon. W. R. Thomas as mayor of the city. Mayor Thomas is a native Gainesvillian, has grown up with the place and therefore naturally knows just what is needed to advance the public welfare. He has applied and is applying in the conduct of the city's affairs that same sound business judgment that has made his private enterprise eminently successful. Mayor Thomas is a man of progressive ideas with the ability to put them in concrete form.

With such men as Hon. Frank Clark, member of Congress, Dr. Andrew Sledd, president of the State University, Hon. W. W. Hampton, Dr. Clarence B. Strouse, president of the Gainesville Chautauqua and scores of equally prominent citizens, all vitally interested in advancing the city's best interests, Gainesville must continue to grow and prosper.

The rich farming lands surrounding the city are a valuable asset, the farm trade being practically stable from month to month.

Gainesville has an excellent daily paper, The Gainesville Sun, owned and edited by Hon. H. H. McCreary and assisted by Jesse Burtz, known to the newspaper fraternity as "the man who never sleeps." The Elevator is a good weekly publication.

Viewed from any standpoint, Gainesville affords an example of city with a bright future.

We wish to express our thanks to The St. Augustine Record for the many nice things they have said in our favor in the article above. This article appeared in The Record on its issue of the 21st inst.

FROM ST. AUGUSTINE RECORD.

The following taken from the report of the recent Episcopal Convention held in this city as it appeared in The St. Augustine Record is much appreciated and is published so that the people of Gainesville can see what the delegates from the Ancient City thought of us:

"Gainesville was characteristically lavish in her hospitality to the clergy and delegates and to the delegates to the Woman's Auxiliary which met at the same time as the council. Through the courtesy of Gainesville parish the visitors were taken in carriages to the State University and all the interesting places in and near the city.

"Mention should not be omitted of the magnificent new Holy Trinity church in which the council held its sessions. This structure, when fully completed, will be one of the finest church edifices in the entire South and Holy Trinity rector, Rev. Francis H. Craighill, and his congregation are to be congratulated on being able to worship in such a church.

"Gainesville has set a moral standard unequalled by any other town or city in Florida."

Hon. Henry Watterson has a dark horse in training for the Democratic nomination for President, "who without entangling alliances with any of the money powers," is "yet without any antecedents which could drive away conservative Democrats" and who supported the ticket in 1896. There can be no objection to trotting out your dark steed, Marse Henry, and let us see his good points.

BAD BREATH

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles."

G. A. R. TO OBSERVE MEMORIAL DAY

Memorial Sermon Will be Delivered by Rev. F. H. Craighill.

MILITARY AS GUARD HONOR

The Confederate Veterans, Daughters of the Conference, Spanish-American War Veterans, P. O. S. of A. and Guards Will Attend Services.

The following invitation has been extended by Lew Wallace Post, Grand Army of the Republic, who will listen to a memorial sermon by Rev. F. H. Craighill at Holy Trinity Episcopal church on Sunday morning, which explains itself:

"Through the mercy of a kind providence, the fast vanishing remnants of two of the mightiest hosts that ever met on the field of combat, have been brought to the eye of another sad, sacred Decoration Day, May 30. When the sun rises on that day 70,000,000 Americans will be called upon to perform a sacred duty, and when it sets, over 1,000,000 heroes should rest beneath mounds made moist and fragrant by tears and flowers. In harmony with this beautiful custom, Stonewall Camp, U. C. V., Kirby Smith and J. J. Finley chapters of the U. D. C., the Spanish-American War Veterans and the Patriotic Order Sons of America, are earnestly and cordially invited by Lew Wallace Post, G. A. R., to join them in a Memorial service to be held at Holy Trinity church at 10:30 on the morning of Sunday, May 26th, conducted by Rev. F. H. Craighill, and on Thursday, May 30th, to attend the Decoration Day service at the cemetery. On Sunday, the 26th, all veterans are requested to meet at Dutton's Bank at 10 o'clock, to march in a body to the church, and on Decoration Day carriages will be in waiting on the square at 9 o'clock a. m. for all veterans and Daughters of the Confederacy, who will participate in our service on that day.

"H. F. DUTTON, Post Com.

"Official: F. PRESCOTT BULLOCK, Adjutant."

A Guard of Honor.

The Gainesville Guards, Captain J. W. Blanding commanding, have accepted the invitation of Lew Wallace Post to attend the memorial exercises at Holy Trinity church, and will act as a guard of honor. Captain Blanding has a large company, and expects a big turnout upon this occasion, the presence of which will make the occasion all the more impressive.

The Sunday exercises will be followed by Memorial Day exercises on Thursday, May 30, at the cemetery, to which a cordial invitation has been extended and accepted by the Confederate Veterans, Daughters of the Confederacy, the Spanish-American War Veterans, and others. The exercises will be held in the morning, and the following program will be carried out:

Prayer by the chaplain.

Charge by the commander.

Oration by Dr. F. Prescott Bullock.

BABY WASTED TO MERE SKELETON

In Torments a Year and a Half with Terrible Sores on Face and Body—Hands Tied to Stop Scratching and Tearing at Flesh—But

CURE BY CUTICURA
COMPLETE AND SPEEDY

"My little son, when about a year and a half old began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk. My aunt advised me to try Cuticura Soap and Ointment. So great was her faith in it that she gave me a small piece of Cuticura Soap to try and a little Cuticura Ointment. I took it home without any faith, but to please her I tried it, and it seemed to dry up the sores a little. I sent to the drug store and got a cake of Cuticura Soap and a box of Cuticura Ointment and followed the directions, and at the end of about two months the sores were all well. He has never had any sores of any kind since. He is now strong and healthy, and I can sincerely say that only for your most wonderful remedies my precious child would have died from those terrible sores. I used only one cake of Soap and about three boxes of Ointment. Mrs. Egbert Sheldon, R. F. D. No. 1, Woodville, Conn., April 22, 1905."

ITCHING PIMPLES

"I had suffered with itching pimples for years. At last a friend told me to get Cuticura Soap and Ointment. I did so and in three weeks my face was entirely cured. I am so pleased with Cuticura Remedies that I will recommend them to other sufferers. Mrs. Florence Delavergne, R. F. D. No. 2, Auburn, Neb., Aug. 28, 1906."

REVOLT IMMINENT.

More Trouble Brewing in Central American Republics.

New Orleans, May 23.—The revolutionary outbreak in Salvador reported by cable, was in part hatched in New Orleans. Several weeks ago Prudencio Alfaro, who, according to the cable, is the revolutionary leader, left here for Salvador with the avowed intention of starting a revolution within thirty days. He was accompanied by General Salvador Toledo, the Guatemalan who is credited with being the head of a revolution now said to be preparing in Mexico and Honduras against Guatemala.

According to the plans of these two the Guatemalan revolution was to follow quickly on the heels of Alfaro's first fighting. It was reported that both outbreaks were part of the scheme to unite all the Central American republics by putting them under the headship of President Zelaya, of Nicaragua. The whereabouts of General Toledo is not known here. At last reports he was in Managua, the capital of Nicaragua, from which came the cable Tuesday telling of the Salvador revolution. THE POCKET SAVINGS BANK EPIDEMIC RAGES FIERCELY IN GAINESVILLE.....

Beneficent epidemics are scarce, but such a one has struck Gainesville, and people of every station and occupation have the fever.

It is most interesting and instructive to study the constantly changing line of applicants for Pocket Banks as it files through The Sun's business office. There is the mother, bringing her daughter with her and securing a bank for the girl, another for herself, and inquiring anxiously whether she may have another for the boy who is at work. She receives it promptly.

Boys come—some are steady, serious-faced chaps who have begun to think on their own account, and who ask questions about the operation of the scheme which show the results of rubbing up against the world. I

Then the High School girls and boys, gay and active, while the workman and business man "slip in" during the noon hour to get a bank for the boy or girl at home, after asking one or two leading questions to make sure there is no joke about the 25 cents.

THE PLAN IN OUTLINE.....

A HANDSOME NICKEL POCKET SAVINGS BANK and an order on

PHIFER BROS.,
BANKERS

Good for an additional 25 cents when a deposit of one dollar or more in cash is made, will be given to everyone who avails themselves of this opportunity. Make an investigation and you will never regret it.

Vertie, the eight-year-old son of G. W. Harrison of Antioch, was the victim of a peculiar accident a few days ago, which necessitated calling a physician, and from the effects of which the little fellow has suffered a great deal.

Mr. Harrison owns a fine stallion, which was in the pasture. The lad approached the animal and grabbed his mane, when the stallion inflicted a deep gash with its teeth under his arm.

A physician was summoned and dressed the wound, and at last accounts the little fellow was resting as easily as could be expected under the circumstances.
